### BUSH ELECTED.

Cadiz Record Admits Illegal Election In One Precinct.

It Gave Cook 76 Majority And Court of Appeals Says It Cannot Be Counted.

The Cadiz Record of yesterday devotes a column of criticism and personal abuse to the editor of this paper for calling attention to the frauds in Trigg county. The rumor that ballots had been burned proved to be untrue, but other irregularities referred to are admitted. Here are some of the fatal admissions of fraud:

1. No seals were used on the returns, only wax being used that could be easily removed and replaced.

2. The polls were kept open in South Cadiz precinct till 4:30 o'clock because "the clerk was kept busy from the time they opened till 4 o'clock and could not take the vote on account of the work he had to do," and "seven or eight as good Democrats as ever voted stood clamoring at the door to vote \* \* and the officers let them vote." And then Bro. Lawrence adds: "If that be fraud, make the most of it."

These two admissions destroy the validity of the election. Only two days ago 10 precincts were thrown out in Louisville because they were not properly certified. Here we have a whole county improperly returned.

In regard to the second confession of fraud, it is only necessary to refer Bro. Lawrence, himself a law maker, to the law on the subject of ballot-box stuffing.

In the case of Banks vs. Sergeant appealed from Letcher county in 1898, this point was definitely settled. Judge W. S. Pryor was of counsel for the appellant and Judge White rendered the decision. The following extracts from the opinion bear on this point:

"We are of opinion that the provision of the election law requiring the polls to close at 4 p. m. is mandatory and not merely directory, and in any case where it is shown votes have been received at any precinct after 4 p. m. sufficient to affect the result, that that precinct will be disregarded where it is clearly shown the polls were not closed at 4 o'clock, as there is no way to identify the tickets, if not destroyed, nor any power or way to ascertain how these illegal votes were cast, and consequently it is impossible to disregard these votes only by deducting them from the party for whom they were cast."

The judgment thereupon threw out precincts 1 and 6, adding "These illegal votes were all cast when the judges of election knew they were illegal."

The same decision holds that ballots not secreted in boxes were likewise illegal, one precinct having allowed the officers to see the ballots unfolded.

South Cadiz gave 123 to Cook and 47 to Bush, a majority of 76 for Cook. Judge Cook claims 73 majority on the face of the returns, including the 76 admitted to be illegal. In other words Bush has at least 3 majority of the legal votes cast.

Purged of other frauds, the returns would give him 100 or 200 majority.

### THREE SUITS

For Divorce Filed With Circuit Clerk This Week.

John Waller has sued for divorce from Martha Waller, alleging abandonment. They were married in 1896 and separated in July of last year, the plaintiff claims.

Bud Lacy sues for divorce from Love Lacy. Plaintiff states that they were married eleven years ago, and that in 1896 they ceased to live together.

Doretta Grau filed suit for a legal separation from Wm. Grau. The petition charges cruel treatment, abandonment, etc. It is further claimed by the plaintiff that defendant has left the state and she knows nothing of his whereabouts. Alimony for herself and children and the sum of \$6,000 is prayed and a specific attachment against the property of the defendant is asked.

### CHINN BEATS GREENE

Later Returns Show Hays and Fuqua Ahead.

Ferguson Easily Defeats Dempsey For Railroad Commissioner.

Louisville, Ky., May 13.—Additional returns from the First district show that Ferguson for railroad commissioner, wins by a handsome majority. Ferguson, who is in the city, says he has defeated Dempsey by more than 3,000 votes. Complete official returns from eighty counties and unofficial and partial returns from fourteen other counties in the Democratic State primary show the nomination of N. B. Hays for Attorney General over Willard Mitchell; of J. H. Fuqua for Superintendent of Public Instruction over Ben Watt, and Morgan Chinn for Clerk of the Court of Appeals over Robert Greene. Mitchell and Greene, however, are still claiming victory.

The compilation shows the vote to stand as follows: For Attorney General—N. B. Hays 31,029, Willard Mitchell 22,688. For Superintendent of Public Instruction—Jas. H. Fuqua 25,389, Ben Watt 18,774. For Clerk of the Court of Appeals—J. Morgan Chinn 45,052, Robert L. Greene 40,317.

### BREAK SALES GOOD.

Dry Condition of Weed Reduces Loose Sales.

Tobacco sales on the breaks this week were over 300 hogsheds. This included paid in sales from last week. Prices were fully up to the standard and all grades found a ready sale, there being only 27 rejections. Sales for the year amount to 1,700 hogsheds. Receipts for the week were 190 hogsheds. Receipts for the year, 7,770 hogsheds. On account of the extremely dry condition of the weed for two weeks past it could not be moved and loose receipts have been small. Tobacco is now in much better shape, however, and loose sales on the floor will be resumed. A large per cent. of the crop of 1902 has been delivered. R. M. Woodruff & Co. sold about 40,000 pounds on the floor yesterday and expect to have a large sale next Tuesday.

## GERMAN AMBULANCE TRAIN.

It is an Admirably Equipped Modern Hospital on Wheels.

Although it is impossible altogether to prevent railway accidents it seems at least that something can be done to relieve the sufferings of those who have been injured. Both in America and in Germany ambulance trains are now in use, which are kept ever ready to be sent out for the purpose of affording speedy relief to the maimed. The train, so far as its narrow limits permit, says the Medical Record, is as admirably equipped as any modern hospital; its operating room is fitted up with an operating table, with all the necessary appliances of antiseptic surgery. The ward of this hospital on wheels has eight removable beds, which can be used as cots if need be. Reclining chairs complete the furniture of the ward. Every German ambulance has a certain number of these ambulance trains, the road being divided into sections and a train assigned to each. Trains are always sidetracked at a station, ready to be sent out. As soon as news of an accident is received the water tanks are filled, and the railroad surgeons—who live in the vicinity of the stations—are called by telephone. Even the fast limited trains must give way to the surgeons and are sidetracked in order that the ambulance may speed to the scene of the accident. The admirable system which has been devised renders it possible for the surgeons to reach the injured within half an hour after they have been informed.

JAPANESE "EXTRAS."  
"Fake" Editions of Tokio Newspapers Are Constantly on Streets.

Japanese newspapers are very fond of issuing extras on the slightest provocation. These extras, says the Chicago Daily News, consist of the most part of small sheets of paper about the size of ordinary letter paper, with a few sentences printed on them. They are hawked about by boys and men who run rapidly through the streets in cloth "dab" or socks. These tabs make no noise, but the newsboy manages very effectively to make his presence known by shouting at the top of his voice, and, as if that were not enough, by ringing a large bell. As a rule, the "extras" are eagerly bought up, but by far the greater number of them are frauds. They generally contain the wildest fakes about domestic and more especially foreign politics, but sometimes the newsboy's intentions are good, and they make no attempt whatever to conceal their dishonesty. For instance, an extra that was issued during the recent political crisis here ran somewhat as follows: "It is supposed that several small banks may fail in the future." People now insist on knowing the name of the paper accountable for the extra before buying. "If the paper is a respectable one it is always safe to buy."

FRESH EGGS.  
Germany has an Association That Guarantees All It Sells.

The United States Consul, Britain at Kiel, Germany, has advised the secretary of state of a unique method of insuring the freshness of eggs adopted by the Dairyman's association of the city of Kiel.

The agents of that association," he says, "go among the farmers each day and purchase eggs, the farmer guaranteeing that these have been laid within the previous 24 hours, in consequence of this guaranty the association pays the farmer three pennings, or about half a cent, above the regular market price, for each egg. The Dairyman's association then makes a record of each purchase by giving the farmer a registered number and numbering each egg in corresponding manner. When a consumer chances to find a stale egg he returns it to the dealer, who in turn charges it to the association, which reports the matter to the farmer. The method is a protection to all parties concerned, and is well met with much success. The eggs are delivered in cases containing five dozen each.

Evenly Divided.  
As a curiosity of the recent German census it is recorded that the returns showed the village of Reudersburg contained 444 inhabitants, 222 being of the male and 222 of the female sex.

## It Wins The Confidence of Women.

Dr. Pierce's Favorite Prescription wins the confidence of women because of its "superior curative properties." There is no test which can be applied to this great medicine for weak and sick women which does not increase the esteem in which it is held as a safe and sure remedy for womanly ills. No wonder that "Favorite Prescription" "has a large number of friends among suffering women."

Dr. Pierce's Favorite Prescription establishes regularity, dries weakening chills, heals inflammation and ulceration and cures female weakness. It is a superior tonic and nerve for weak, nervous, run-down women.

"I do not believe," writes Mrs. C. B. Lind, President of the "Harmony" Woman's Club, Milwaukee, residing at 128 Seventh St., Milwaukee, Wis., "any honest physician who would prescribe Dr. Pierce's Favorite Prescription for female troubles and observe the results could help but acknowledge it to be one of the first remedies on the market to-day. Have tried it myself several times during the past three years, and have found it very satisfactory for a worn-out system. A friend who is a chemist analyzed it and gave it unlimited praise as a highly concentrated herbal remedy, having superior curative properties. Your medicine has been a large number of friends among suffering women, and I have yet to hear one speak disparagingly of its merits."

There is no alcohol in "Favorite Prescription" and it is entirely free from opium, cocaine and other narcotics. It is well described as "a highly concentrated herbal remedy having superior curative properties."

Sick women, especially those suffering from diseases of long standing, are invited to consult Dr. Pierce, by letter. Free all correspondence is held as strictly private and sacredly confidential. Address Dr. R. W. Pierce, Buffalo, N. Y.

#### Serious Accident.

Ashland City, May 11.—Quite a serious accident occurred Thursday at Fall Creek, this county, on the line of the Tennessee Central Railway, in which one man was dangerously wounded and a number of others narrowly escaped injury. Fred Hossler, a young man whose home is in Evansville, Ind., was the party receiving the injuries, having his nose broken and his face lacerated and his left knee broken. Hossler will recover, but will be laid up for some time.

The bridge crew of J. M. Hanks were engaged in pile-driving for the trestle at Fall Creek. The hog chains which support the guide for the hammer or pile-driver broke and let the guide fall, while the hammer was near the top, the guide being about sixty feet high and the hammer weighing 2,500 pounds. When the guide and hammer fell there was a general smash up, in which the engine was overturned and broken, and a part of the trestle torn up. Hossler was on the trestle, and was thrown thirty feet, falling upon a pile of bridge timbers, with the result as above stated. The guide in falling straddled the body of J. H. Hanks, who was standing near by.

#### The June Delinquent.

The June Delinquent is especially strong in fiction and presents the usual charming display of fashions. It contains a group of four college stories, each of which is a fine specimen. They are: The Taking of Isabel, by Catherine Young Glen; Professor Ashur's Tutor, by Alice Louie Lee; My Grace of Linnaeus, by Kate Milne; and A Delayed Proposal, by Kate Whiting Patch. They are illustrated by E. M. Ashe, George Gibbs C. M. Relyea and Karl Anderson respectively. In the second installment of Mrs. Catherwood's serial story, The Bois Brules, the plot develops along highly dramatic lines. An intimate friend of Augusta Holmes, who died recently, contributes an article on the famous composer; it is strikingly illustrated. A charming Dissembler, by Miles Bradford, is of especial interest to epicures, although in it is also a good story. Minnie Madden Fiske, the actress, is shown in a page of very fine photographs. An attractive dwelling, suitable for occupation the entire year and moderate in cost, is presented with excellent illustrations. Clara E. Laughlin in a serious paper on the domestic relations of woman, and Mrs. Birney contributes a helpful article on Childhood. Dr. Grace Peckham Murray discusses plumbing and the water supply, in their relation to health. For the children, Grace MacGowan Cook gives the last of the charming "What Happened Then" stories—Beauty's Little Dumb son, and Lina Beard adds another number to the engaging Pastimes. A squirrel story by Charles Melvaine is also a feature. Almost every phase of the home is treated in the other departments.

#### FURTHER EVIDENCE.

Hopkinsville People Can't Help Believing the Story Related.

The stamp of truth lies upon the statement quoted here and it would be idle to dispute it. There must be true merit in anything so highly endorsed.

Mrs. B. F. McClard, wife of B. F. McClard, city engineer, one of the best known residents of Hopkinsville, living at 1204 S. Virginia St., says: "My sister, Miss Maggie Stinnett, was greatly benefited by the use of Doan's Kidney Pills. She was terribly afflicted with kidney trouble for a long time. I heard about the pills and got a box at Thomas & Trahern's drug store. They helped her right away and she continued to use them, taking several boxes with the most wonderful results. Before taking them she suffered almost constantly with terrible aching pains across the small of her back, at times so severe that she would be scarcely able to move about for several days, although she doctored and tried various kinds of medicine with seemingly no good effect at all. She has become convinced that there is at least one remedy which does not fall short of the claims made for it. Doan's Kidney Pills have brought her from utter despair to a condition of health which I and all my friends admit to be a marvelous testimonial to the merits of Doan's Kidney Pills."

Washington, May 9.—The investigation of the affairs of the post-office department, which has been dragging along for two months, took a startling turn late yesterday afternoon when by order of Postmaster General Payne August W. Machen, general superintendent of the free delivery system and one of the most widely known government officials in the United States, was relieved from duty, and Postoffice Inspector M. C. Fosnes, former director of posts in Cuba, was designated to take charge of the service. The change took effect this morning when Mr. Fosnes assumed charge of the free delivery service.

#### Two Boys Take Swim in Lake.

Officer Ben Dowell, of Nashville, who guards the peace and dignity at Centennial Park, had a hot chase Sunday afternoon after two small boys who were taking a plunge in the lake. The boys saw the officer coming and without waiting for their clothes, made a run for the street. The sight of two naked boys pursued by an officer had a startling effect on the people who saw the chase. Seeing that the boys were liable to run outside the city limits, the officer proposed a truce. After giving the boys a good talk, they were permitted to use their clothes.

"I have derived great benefit from the use of Chamberlain's Pain Balm for rheumatism and lumbago," says Mrs. Annie Hagelgans, of Tuckahoe, N. J. ### PURGE IT OF FRAUD.

The rumors of violations of law in Trigg county have been fully verified. The irregularities and frauds were sufficient to invalidate the election in four or five precincts, if not the whole county. The court of appeals, not thirty days before the election, ordered it to be held, if held at all, under the Carroll law. The violations of law and defiance of the court of appeals began when Bush was denied a fair division of the officers, being allowed representation in many of the fifteen precincts. The unfairness was further shown by not permitting Bush challengers in a majority of the precincts. In fact but very few were allowed in the county.

The conduct of the election itself was fatally irregular in many cases and fraudulent in several. In one-third of the precincts it is alleged and in some cases sworn to that the polls were kept open from 30 minutes to two hours after the lawful hour for closing. In South Cadiz, which gave Cook a large majority, as many as 15 or 20 voters were allowed to vote after the hour for closing. The same fraud was practiced, it is said, in North Cadiz and Wallonia. At the latter place the polls were kept open till six o'clock and a majority of 53 piled up for Cook, much of it by stuffing the box illegally after 4 o'clock. In one of the Cadiz precincts Bush had an officer, a sheriff, who closed the door some time after four o'clock in an attempt to stop the fraudulent voting, but a window was raised and Cook men, it is said and not denied, were permitted to climb in and vote. These are but a few instances of the high handed proceedings in Cook's interest.

In making the returns the officers used no seals and it is further stated that only one lock was on each box and that boxes and keys were all surrendered to Judge Cook's friends on the committee before the day for counting the vote and that all safeguards were removed from the ballots as early as Monday morning. In these and many other respects the law was so flagrantly violated that it is a serious question whether any part of Trigg county's returns or alleged returns, should be canvassed.

The official canvassers in Louisville Wednesday threw out ten precincts because the returns were not properly certified. In this county in 1899 a precinct was thrown out for irregularities less fatal than ballot box stuffing and Judge Cook rendered a decision sustaining the canvassing board.

Gov. Beckham owes his seat to the throwing out of fraudulent votes in 1899 and the disease sustained the action and the people have twice endorsed it by re-nominating Gov. Beckham. The election in three counties, we believe, was fairly conducted, and there is no reason why flagrant frauds in the fourth should be allowed to defeat will of the people who nominated Judge Bush. Judge Cook's advisers, some of them not particular about honesty, may urge the Democratic committee to become accessories after the fact to frauds that ought to be prosecuted, but a clean deal of the district demand a clean deal and that the election returns be

purged of fraud, even if a whole county has to be thrown out.

The committee at Eddyville today should do its whole duty under oath and if the evidence submitted justifies it, they should not only reject fraudulent votes, but should recommend the arrest of those who laid themselves liable to terms in the penitentiary.

Chairman Young has removed all two of the Democratic committee members in Lexington and the ousted committee met Wednesday morning and after employing counsel to institute injunction proceedings against the Skain and Watkins committee taking charge of the affairs, held a second meeting at which they named a full ticket of Councilmen and Aldermen to be voted for at the coming November election. W. J. Abern, Deputy Jailor, is the chairman of the old committee, and was elected chairman of the convention to nominate a municipal ticket.

Editor J. J. Glenn, of the Guthrie Graphic, has published in pamphlet form Capt. L. D. Hockersmith's history of Gen. Jno. H. Morgan's escape, as a prisoner of war from the Ohio penitentiary, which ran as a serial in the Graphic last winter. It makes a book of 54 pages and will sell for 25 cents. It is well worth the price, as it contains much information of historical value not heretofore published.

Col. Bill Reed, of Paducah, one of the prodigals who wandered off in 1896, has come back and a fatted calf, in the shape of a nomination for circuit judge, has been killed for his benefit. Shake, Colonel, shake.

The Committee in Louisville threw out ten precincts on account of irregularities in the returns. Technical errors were not held to be fatal, but flagrant violations were not overlooked.

In Christian county 1095 and in Calloway Democrats who took part in Saturday's primary failed to vote for Beckham.

### VILLAIN SHOT DEAD.

A Plucky Woman Kills the Brute Who Attempted to Assault Her.

Owensboro, Ky., May 12.—At the little village of Sacramento, in McLean county, last night, Ross Richards, a worthless character, broke into residence of Mrs. Alex. Lawton, while her husband was away, and locking the children in the kitchen, attempted to assault her. She rushed into the next room and obtained her husband's shotgun and as Richards pursued her shot him through the body, killing him instantly.

She notified a Masonic lodge, which was in session near by. A coroner's jury was at once impaneled and returned a verdict of justified homicide, and the coroner congratulated Mrs. Lawton for her bravery.

### OFFICIAL COUNT.

The official count of votes in Christian county, which was begun Tuesday, was completed Wednesday at noon. The table below shows the figures in the judicial district contests. Chas. H. ### MEETING

Of the Christian County Medical Society.

The Christian County Medical society at 11 o'clock Monday held a session in the county court room—the city court room being occupied by the court on account of the repairs in progress on the court house.

The attendance, on account of this break in the announced programme, was not large, and reorganization and the adoption of the new constitution and by-laws was postponed. The committee appointed at the last meeting was continued, and every physician present was authorized to solicit and urge the attendance of every member upon the meeting to be held June 8th, at 10 o'clock, in the office of Dr. B. F. Eager.

As stated in letters written last week the meeting is a specially important one and it is earnestly desired that each member will make a note now of date and time and place of meeting, and arrange affairs in such a way as will enable each to attend. Temporary officers were elected pending reorganization.

The ladies wonder how Mrs. B. manages to preserve her youthful looks. The secret is she takes Prickly Ash Bitters; it keeps the system in perfect order. R. C. Hardwick, special agent.

## PRIMARY CASE

### Reopened by Unexpected Order of Court of Appeals.

Eligibility Case Will Also be Taken Up and Settled at Once.

Frankfort, Ky., May 12.—After a full bench consultation of the Court of Appeals this afternoon Judge Burnham issued an order to the clerk to set aside the order withdrawing the motion and petition for a rehearing in the Meacham vs. Young case, involving the right of the Democratic Executive Committee to call a primary for the nomination of candidates for offices, and ordering the case resubmitted with the motion and petition for rehearing.

The entirely unexpected action of the court threw a bomb into the ranks of the machine politics and there is much speculation as to what the result of reopening the case will be. The opinion is that the court will decide that the Young primary was illegally called and illegally held and that the nominations made by the action of the so-called primary are void and of no effect.

### Storm Indications.

There is much speculation also as to what the action of the court will be in the Beckham eligibility case which is now pending upon a petition for a rehearing and a modification of the opinion rendered. It is presumed that the two cases will be considered together and many opinions are advanced as to how the court will pass upon the eligibility question.

Although there is no available information upon which reliable forecasts in the matter can be based, there are sufficient storm indications in the air to cause Gov. Beckham and his supporters great alarm as to the outlook in eligibility and the primary cases.

### Ray Disobeys Instructions.

It will be recalled that after John K. Hendrick withdrew from the race for the gubernatorial nomination Mr. Meacham, who was the appellant in the primary case then pending on a petition for a rehearing, telegraphed his attorney, John W. Ray, to withdraw his petition for a rehearing. This Mr. Ray refused to do. Mr. Meacham then wired the Clerk of the court to withdraw the petition, and an order to that effect was entered over the protest of Mr. Ray, who thereupon filed a petition for a rehearing in the eligibility case.

### Questions at Issue.

The reinstatement of the Meacham-Young case came as a surprise to Mr. Ray and Mr. Meacham, as well as to everyone else. The questions involved in the case are whether the Executive Committee has the authority as a governing power in the party to call the primary, and whether, if called, the primary shall not be held in accordance with the Carroll law.

The court in the decision of the case cannot, of course, consider the

violations of the Carroll law in the question of whether the election was called under the law, which provides, among other things, as to the arrangements for giving candidates positions on the ballot. Former Chief Justice James H. Hazelrigg, who was asked this evening what he construed the action of the court to mean, said:

### Judge Hazelrigg's Opinion.

"In my opinion it is the desire of members of the court to reconsider the two cases, because of the fact that the decisions were rendered hurriedly and the judges wish to get the decisions in shape that will be satisfactory to them as law makers, and will lay down principles of law for all time upon these points. All prophecies as to what extent the opinions will be modified are manifestly mere guess work."

### Everyone Guessing.

Judge Hazelrigg's idea of the situation is agreed with by most lawyers. It is well known here that there were several consultations on both the primary case and before the opinion were rendered, and that the situation was such that a change of opinions on part of two of the judges would not be remarkable. One theory is that the court will set aside the primary, but will decide definitely and in Beckham's favor, the question of his eligibility in order that his campaign may not be embarrassed by the question left open in the decision on that case. Nearly every politician has a theory of his own and many prophets have risen, but as Judge Hazelrigg says, they are simply guessing.

The court being sufficiently advised, it is considered that the order withdrawing the motion and petition for a rehearing here be set aside and the case resubmitted on the motion and petition for a rehearing.

## MEN NOT IN IT.

Gathering of Fifteen Ladies at Kirkmansville Last Week.

Fifteen gay "widows," all related by blood or otherwise, gathered at Mrs. Willie Lacy's, near Kirkmansville, on Thursday, May 7th. It was a perfect May day. The only impediment that marred the enjoyment of the gathering was the noted silence that seemed to prevail. One of the remarkable features was that all seemed to have the idea that it was a pantomime occasion. All the same they all reported a very enjoyable time.

Those present were: Mesdames Nannie Carpenter, Carrie Grisham, Maud Butler, Ione Bordland, Nashville, Tenn.; Annie Rose, Pembroke, Ky.; Henry Boales, Ollie Pyle, Solie Hurt, Belle Lacey, Hopkinsville; Lucy Pepper, Eliza Ann Robinson, Kirkmansville; Lou Henderson, Fairview; Willie Lacy, the hostess.

Mrs. Lacy, the hostess, prepared and served a sumptuous repast, which was enjoyed greatly by all present.

Messrs. Henry Hurt, of Hopkinsville, and Nick Lacy acted as waiters on the occasion and gave fair satisfaction, although they seemed to be bewildered, which made them appear a little awkward. But they got through their duties after a fashion. We understand they will decline to be honored again on similar occasions with the place of waiter.

Several of the party remained until the next day, on account of finding grub and accommodations so well suited to their tastes.

It has leaked out by some means that some of the party still have nominal husbands in the eyes of the law. It has been suggested that if one could have heard them engage in what little talking was done, one would have thought that none of them ever had a husband, as that biped was seldom or never mentioned on this occasion.

A. W. P., Special Reporter.

## TWO LEAGUE GAMES.

The exhibition games of ball here Tuesday afternoon between Owensboro and Hopkinsville resulted in a score of 5 to 4 in favor of Owensboro. The game was called during the sixth inning on account of rain. At the end of the fifth inning Owensboro was 5 to 4 and this score was taken as a finish.

Jackson, Tenn., which is the K. L. T. league, will play Hopkinsville at Athletic park this afternoon and again to-morrow.

## Politicians in Town.

Quite a number of prominent district politicians were in town yesterday and most of them will go to Edyville to-day. Among the visitors were Hon. James H. Garrett, Mr. Felix K. Grasty, Mr. Dennis P. Smith and Judge Robt. Crenshaw, of Cadiz; Messrs. Conn Linn, Jas. H. Coleman and K. Robertson, of Murray; Mr. Nathan Gray, of Edyville.

Several others arrived last night and will proceed to Edyville to-day.

## Not A Sick Day Since.

"I was taken severely sick with kidney trouble. I tried all sorts of medicines, none of which relieved me. One day I saw an ad. of your Electric Bitters and determined to try that. After taking a few doses I felt relieved, and soon thereafter was entirely cured and have not seen a sick day since. Neighbors of mine have been cured of rheumatism, neuralgia, liver and kidney troubles and general debility." This is what B. F. Bass, of Fremont, N. C., writes. Only 50c, at R. C. Hardwick's, druggist.

**Requisition For Alleged Swindlers.** Frankfort, Ky., May 13.—Gov. Beckham this morning made requisition on the Governor of Indiana for the return of Jas. H. Stark and Bill Dunn, fugitives, [under arrest at Vincennes. They are wanted at Elkton, Todd county, to answer the charge of obtaining money by false pretenses. They are charged with selling a "gold" brick to B. D. Johnson, a farmer, for \$5,000.]

**Doesn't Respect Old Age.** It's shameful when youth fails to show proper respect for old age, but just the contrary in the case of Dr. King's New Life Pills. They cut off maladies no matter how severe and irrespective of old age. Dyspepsia, jaundice, fever, constipation all yield to this perfect pill, 25c, at R. C. Hardwick's druggist.

## A PROMINENT COLLEGE MAN.

One of Indiana's Useful Educators Says: "I Feel Like a New Man."

MR. JOHN W. MENG.

Mr. John W. Meng, 54 Jefferson Ave., Indianapolis, Ind., State Representative of Indianapolis Business College, writes:

"I firmly believe that I owe my fine health to Peruna. Constant travel and change of food and water wrought havoc with my stomach, and for months I suffered with indigestion and catarrh of the stomach. I felt that the only thing to do was to give up my occupation which I felt very reluctant to do. Seeing an ad. of Peruna as a specific for catarrh I decided to give it a trial, and used it faithfully for six weeks, when I found that my troubles had all disappeared and I seemed like a new man. I have a bottle of Peruna in my grip all the time, and occasionally take a few doses which keeps me in excellent health."

John W. Meng.

The most common phases of summer catarrh are catarrh of the stomach and bowels. Peruna is a specific for summer catarrh.

Hon. Willis Brewer, Representative to Congress from Alabama, writes the following letter to Dr. Hartman: House of Representatives, Washington, D. C.

The Peruna Medicine Co., Columbus, O.: Gentlemen—"I have used one bottle of Peruna for indigestion, and I take pleasure in recommending it to those who Ohio.

need a good remedy. A tonic it is excellent. In the short time I have used it it has done me a great deal of good."—Willis Brewer.

If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case and he will be pleased to give you his valuable advice gratis.

Cures When Doctors Fail.

Mrs. Frank Chasson, Patterson,  
La., writes June 28, 1905: "I had  
malaria fever in very bad form, was  
under treatment by doctors, but as  
soon as I stopped taking their medi-  
cine the fever would return. I used  
a sample bottle of Herbine, found it  
helped me. Then bought two bot-  
tles, which completely cured me. I  
feel grateful to you for which com-  
pletely cured me. I feel grateful to  
you for furnishing such a splen-

## "LE GOLF" PLEASES FRANCE.

Game Has Taken Strong Hold on  
Followers of Fashion There.

"Le golf" ought soon to have a  
place in French dictionaries. They  
have golf clubs now at Deauville,  
Dieppe, Cannes, Compagne, Biar-  
ritz, Versailles and St. Germain.  
The Compagnie, Versailles and St.  
Germain ones are highly fashion-  
able, and will probably afford mem-  
bers with literary tastes materials  
for novels, dealing with those pas-  
sions that lead to the divorce court.  
Did I say probably? The French  
word "forever" might be more  
suitable. Those high fivers of fash-  
ion cannot always be enthusiastic  
about golf. The ladies will try to  
attract attention from the ball to  
themselves. They will make the  
game a tournament of elegance so  
far as they are concerned.

The Versailles or La Boulie links,  
says the London Truth, are in a  
picturesque outlet of the Palatine  
city of Le Grand Monique. A  
pretty chalet affords shelter on wet  
days. Around it in fine weather are  
grouped chairs, on which tea and  
cake—with liquors, of course—are  
often laid out. The wide windows  
of the chalet command fine vistas.  
La Boulie is patronized by the  
Rothschilds, the Castellanes, the  
Labaudys, and those young duch-  
esses who make such rows at the  
Pavilion d'Armenouville. The St.  
Germain club is the wishbone of  
L'Europe, and is just outside the  
old royal town where the last Eng-  
lish king of the Stuart line vegetat-  
ed in exile. The links are or the  
training ground of M. Bissod, who  
prepared horses there for the  
steepchases, and the obstacles  
presents must be trying to poor  
players.

Golf is dethroning lawn tennis.

That game and cricket are now re-  
legated to the bourgeois third-rate  
watering places, and in the neigh-  
borhood of Paris, to those who have  
villas at Asnières and Bois Colum-  
bes. The road to La Boulie on the  
days of grand matches reminds one  
of that to Hurlingham when the  
West End went in for pigeon shoot-  
ing. Private carriages, traps, mail  
phaetons and stylish traps bowl  
along. Should the theater turn out  
badly, there is the resource of un-  
der the "hall" of the  
chalet, which is really a very fine  
ball room. The dancing goes on  
to the gloaming, and romantic situ-  
ations arise.

Serious Runaway.

Fulton, Ky., May 11.—While  
Smith Fields, his two daughters  
and sister, Mrs. Mary Collins, were  
out driving the team got scared at  
some lumber, which was piled up  
near the street, and ran away,  
throwing the occupants out and  
hurting them all. Mrs. Collins is  
badly hurt, her collar bone being  
broken. Mr. Fields, who is presi-  
dent of the City National Bank,

## THE JOKE.

Is Mightier Than the Pen—Ridiculous Often Cuts Deep.

Men who fear nothing else shrink from a joke upon themselves, says Caroline Ticknor, in the Atlantic. Soldiers who do not flinch before opposing guns dread to be made ridiculous. Woe to the national hero who makes one trifling mistake which may subject him to clever caricature! His meritorious career is henceforth shadowed by one colored illustration. A comic paper will tip the scales of justice, snatch the victor's prize from his extended palm, and rob the orator of choicest laurels. A brilliant satire will mar the fortunes of the greatest statesman; a laugh will turn the tide of a political convention.

Indeed, the joke is fast becoming mightier than the pen. The orator has learned its value, and even the clergyman resorts to it when he desires to stir the flagging interest of his flock. It furnishes sufficient excuse for the impertinence of children, and in its name the daily papers deride the highest national dignitaries.

What is the meaning of its steady growth in power? And what results may we predict from its humorous tyranny?

Is there a chance that our keen relish for fun may finally produce a kind of humorous dyspepsia resulting from overindulgence, unless with epicurean discrimination we demand quality, not quantity, and stubbornly refuse to swallow other than that which should appear a wholesome, well cultivated, appetite in jokes?

## BOSTON'S LOW BIRTH RATE.

More Deaths Than Births in Some of the Fashionable Ward.

Not since 1894 have so few children been born in Boston, says the Medical News. In 1901 the birth rate was only 27.30. During the year there was an actual gain in population of only 4,375. The proportion of native whites of native parentage is now only 36 per cent of the whole population, and many of these are but too removed from an immigrant ancestry. It is very evident that the old American stock is dying out and that it will inevitably be replaced by the newcomers of the end of the nineteenth century and the beginning of the twentieth. The foreign born element constitutes about one-third of the births. Among the Italians there were 1,411 births, among the Russians 1,337 and among the Irish 3,591.

The highest birth rates in the city are found in those wards where live the poor and the foreigners. The lowest birth rates are found in the Back Bay and in the South End, in the middle of Roxbury, in West Roxbury and in Jamaica Plain. Three of these wards actually show an excess of deaths over births.

## BAD SHOT.

Brought Down Weathercock Instead of Chicken That Flew Away.

The grumbler gentleman had ordered a chicken. But when he got it he wasn't satisfied—some people never are.

"Waiter," he yelled, "bring a charge of dynamite and a hatchet, and an extra-double steam power cock hammer. This chicken's got to be carved when it is made of Harvested steel."

The waiter was desolate. "Very sorry, sir," he said, "but that always was a peculiar bird. It even objected to be killed, though we always do everything with the greatest of kindness. But this bird, sir, actually flew away, and we had to shoot it, sir—yes, shoot it! It flew onto the top of a house, and—"

"Say no more," said the irascible customer. "I see it all now; you shot at it and brought down the weathercock by mistake! John, my friend, all is forgiven!"—London Answers.

## Salt and Life.

All eggs have a pathogenetic tendency, which, as Boveri demonstrated at the last meeting of the German Society of Naturalists and Physicians, disappears through degeneration of the centrosome. All that Prof. Loeb, of Chicago, did was to show that this pathogenetic tendency could be stimulated in sea-urchins by a normal salt solution. In certain infusoria the process of degeneration consists essentially in a subtle osmosis between the sexes. The experiments of Loeb did not create life, but simply stimulated bisexual generation at the expense of pathogeneticism. These experiments, therefore, demonstrate nothing as regards the value of life.

## How to Get Strong.

The Hon. Amos P. Atkins, who is one of the most prominent men of New Albany, Ind., and Treasurer of Floyd County, has this advice to give to those who are shut up within the narrow confines of office or shop:

"Dr. Pierce's Golden Medical Discovery seems to take the place of hard training in developing strength, vigor and endurance of the system and expelling all impurities, with which the blood sometimes gets clogged. I have found by personal experience that it enables me to do more hard work, and at the same time endure more physical strain and participate with greater vim in outdoor sports than anything I know of. It can always be relied upon to increase the appetite, induce healthful sleep, and tone and refresh a worn-out system."

"A number of my friends who have used it speak in the same high terms, and we have reason to consider it an office man's friend."

Dr. Pierce's Golden Medical Discovery is a blood-purifier and health-giving tonic that contains no alcohol, opium or other narcotic. It is a purely vegetable compound, made from roots

and herbs in an up-to-date pharmaceutical laboratory, and has been used and recommended by thousands of people during the past thirty-seven years.

## \$3,000 Forfeit!

Will be cheerfully paid, in lawful money of the United States, by the undersigned, proprietors of Dr. Pierce's Golden Medical Discovery, if they cannot show the original testimonials and signatures of every testimonial among the thousands which they are constantly publishing attesting the superior curative properties of their several medicines, and thus proving the genuineness and reliability of all the multitude of testimonials volunteered by grateful people, in their behalf.

WORLD'S DISPENSARY MEDICAL ASSOCIATION.  
665 Main Street, BUFFALO, N. Y.

"Some time has elapsed since I have written you in regard to the treatment I have been taking under your instructions," says Mr. E. P. Cingmar, of 533 Penn Ave., Minneapolis, Minn. "When first I commenced taking your remedies I had been for four months under treatment of a well-known specialist in this city for catarrh and stomach trouble, rapidly getting worse. Got so bad that I could not eat anything that did not distress me terribly and I was obliged to quit taking the doctor's treatment entirely. I was greatly reduced in flesh. As a last resort I wrote to you and stated my case, and, after receiving your instructions I followed them closely. After taking five bottles of Dr. Pierce's Golden Medical Discovery and one vial of his 'Pleasant Pellets' I commenced to improve, and decided to continue the medicines and observe your instructions regarding hygienic treatment. It is now nearly six months since I commenced your treatment and I can say that I am well and never felt better in my life. Am very grateful to you for what your medicine has done for me."

"It has been about two months since I stopped using Dr. Pierce's Golden Medical Discovery," writes Mr. J. M. Venter, Esq., of Regina, Pike Co., Ky. "I stayed down in Texas last year and contracted chills and fever while there. I came back to Kentucky and was about shaking my boots off my feet when I commenced using it. I only weighed 140 pounds. Had been suffering with chills and fever for twelve months. Took treatment from my doctor and tried many different kinds of patent medicines, and all seemed to do no good. Since I have used four bottles of Dr. Pierce's Golden Medical Discovery, and one vial of his 'Pellets,' I feel well in every respect and weigh 180 pounds (instead of only 140, my weight when I began its use). I attribute the whole thing to keep it in my home all the time, and I will guarantee they will have no more chills and fever if used as directed."

**DO YOU KNOW YOUR OWN SYSTEM?** A complete medical book and physiology of the body, Dr. Pierce's Common Sense Medical Adviser, which can be had for the cost of postage, 37 cents in one-cent stamps for the cloth-bound book, or 27 stamps for the paper-bound volume of 1008 pages.

Address: Dr. R. V. PIERCE, Buffalo, N. Y.

### First Notice of Reduction and Cash System.

A notice like the one below was sent out by the Hopkinsville Steam Laundry in every package of laundry this week. We have often wondered, ourselves, how such a credit system could be carried on without loss, as we are told they have nearly a thousand patrons who have amounts ranging from 50¢ to a dollar. Mr. Metcalfe informs us that customers, on most goods, will save 25 per cent. by the cash system. The notice is as follows:

### FIRST NOTICE OF REDUCTION AND CASH SYSTEM.

"On the first Monday in June we will adopt the cash system in the laundry business. For several reasons we dislike to do this; one of which is that we have many customers that pay promptly on presenting their accounts, and we have never lost a cent by such customers. But when you hear our reasons for adopting the cash system I am sure you will agree with us that we have done the only thing that could be done under the circumstances.

"To begin with we will state that we are one among the few that have been doing a credit business, as nearly all laundries in the country over are running a cash system.

"I have for years been giving my patrons laundry cheaper than they can get it done at any first-class laundry, either in Nashville or Evansville, and to show you the difference I enclose three lists—one from one of the leading laundries in Nashville, one from Evansville and the third is the list I use here. You will see by a comparison that I am much cheaper, but you watch for the next circular in your bundle.

"T. L. METCALFE.

"P. S.—Failed to receive lists above mentioned—will send them in bundle next week."

## CONTEST IS IN DOUBT.

Taylor Threatens to Contest  
in the Second District.

Paducah, Ky., May 12.—It is not settled whether there will be a contest over the nomination for Commonwealth's Attorney in the Second judicial district, composed of this county and Marshall. John G. Lovitt, of Benton, on the face of the returns, has a plurality of 267 votes over L. K. Taylor, of Paducah. Mr. Taylor is now demanding that the vote in Marshall county be counted and canvassed as required by the Carroll law. Geo. Edwards, Chairman of the Marshall County Democratic Committee, seems disposed to refuse to allow a recapitulation of the vote, and on Mr. Edwards' decision in the matter may depend Mr. Taylor's action in regard to the possible contest.
